

DOCKET NO.: UPN-4914
Application No.: 10/585,718
Office Action Dated: December 17, 2010

PATENT

REMARKS

Status of claims

No claim has been amended, added or deleted. Claims 1-13, 16-21, 24-26, 29, and 31 remain pending. Claims 1-13, 24-26, and 31 have been allowed.

Obviousness-Type Double Patenting

Claims 16-21 and 29 stand rejected on the ground of obviousness-type double patenting as allegedly being unpatentable as obvious over claims 1 or 14 of U.S. Patent No. 7,130,692, claims 11 or 17 of U.S. Patent No. 7,215,995, claim 15 of U.S. Patent No. 7,429,471, and claim 16 of U.S. Patent No. 7,465,546. **Appropriate Terminal Disclaimers are attached hereto for obviating these rejections with respect to claims 16-21 and 29.** Withdrawal of the obviousness-type double patenting rejections of claims 16-21 and 29 is solicited.

Conclusion

The attached Terminal Disclaimers are believed to overcome all rejections of record. Claims 1-13, 16-21, 24-26, 29, and 31 are now believed to be in condition for allowance. Should the Examiner have any questions or require any further clarifications to facilitate allowance, he is also encouraged to contact Applicant's undersigned representative for prompt resolution.
